

Scientific Day **Incontinentia Pigmenti**

**Theme: Vascular damage
in Incontinentia Pigmenti**

FREE REGISTRATION

Friday 17, October 2025

Institut IMAGINE, Paris

**European
Reference
Networks**

PROGRAM | 09:00-11:35

09:00

Welcome to the participants

Jacques Monnet, President of Association Incontinentia Pigmenti France (IPF)

09:15

Introduction to the theme

Christine Bodemer, Dermatology, France

09:35

Molecular Diagnostics of Incontinentia Pigmenti: Updated Approaches and Challenges

Julie Steffann, Genetic, France

10:05

Contribution of Microglia to Endothelial Survival in Nemo

Markus Schwaninger, Institut of Experimental and Clinical Pharmacology and Toxicology, Lübeck, Germany

10:35

Neuro-Imaging and Incontinentia Pigmenti

Nathalie Boddaert, Neuroradiology, France

11:05

Therapeutic experience in neonates with neurological damages

Isabelle Desguerre, Neurology, France

11:35 | Coffee Break

European
Reference
Networks

PROGRAM | 11:55-13:30

11:55

What can we learn from other cerebral Small Vessel Diseases (SVD) in children?

Manoelle Kossorotoff, Neurology, France

12:15

Incontinentia pigmenti and the retina: beyond peripheral and early manifestations

Matthieu Robert, Ophtalmology, France

12:45

Impact of microglia functions on the neonatal brain and retina

Olivier Baud, Neonatology, France

13:15

Round table for discussion

13:30 | Lunch Break

European
Reference
Networks

PROGRAM | 14:30-15:50

14:30

Beyond the Skin: Pulmonary Vascular Complications in Incontinentia Pigmenti

Julien Grinblat Damien Bonnet, Cardiology, France

14:50 | 15:20 – Short series and clinical cases

14:50

A shared experience of neurological involvement: “Frequency of neurological sequelae of Incontinentia Pigmenti in Southern Germany”

Holm Schneider, Germany

15:10

Clinical cases

To be confirmed

15:20

PNDS–International recommendations on neurological and ophtalmological involvement: what has to be updated?

15:35

Conclusion and perspectives

15:50

End of the Scientific Day
